**DECRA-SEAL** is a non-yellowing, acrylic-based, high solids, liquid curing and sealing compound for decorative concrete. The product is clear, transparent and easy to apply. Formulated to seal and protect decorative colored concrete, **DECRA-SEAL** also offers improved resistance to water, alkalis, mild acids, and petroleum spirits.

#### FEATURES/BENEFITS

- Seals all concrete surfaces, providing a glossy, long-lasting appearance and easier cleanup.
- Provides a totally clear membrane that will not yellow, for new or existing concrete.
- Dustproofs concrete with a tough, durable film.
- Helps minimize spalling of exterior concrete.
- Provides good blush resistance in damp areas.
- Applies easily ... dries to the touch in 30 – 60 minutes.
- Provides a clear, tough film that improves abrasion and stain resistance.
- Offers improved resistance to rain, sun, freezing temperatures, most acids and industrial chemicals, oil, grease, deicing salts, cleaning agents (except aromatic solvents), caustics, airborne soot, dust, and other pollutants.
- Seals and enhances the beauty of many concrete surfaces for years.
- Can be recoated after thorough surface cleaning to restore original beauty.
- VOC compliant ... VOC content is <700 g/L.

OTC and VOC versions available in the Northeast, Midwest, and Canada to comply with local VOC regulations.
