

Clean ▶ Dry ▶ Apply

1 Clean

Using your power washer and soap, remove all dirt and debris from the surface of your deck.

2 Dry

Let the deck dry thoroughly (preferably overnight). The surface should have no puddles or standing water.

3 Apply

Apply either **DECK-O-GRIP**® (available in both a VOC-compliant solvent-based formulation, as well as a water-based version) or **DECK-O-SHIELD**.

**As easy as
one, two, three.**

DECK-O-GRIP
and
DECK-O-SHIELD
are part of your complete
pool maintenance program.

From a name you can trust:
DECK-O-SEAL
The leader in deck protection.

**Protect your
investment!**

**DECK-O-SEAL provides a
complete SEALING system for
concrete and natural stone.**

Protecting your investment is as easy as one ... two ... three

with the **DECK-O-SEAL** deck rejuvenation and protection system.

DECK-O-GRIP and **DECK-O-SHIELD**

have been specifically designed to be an integral part of your overall pool maintenance program. The products are designed to protect substrates from the ingress of water and pool chemicals, as well as random spills.

DECK-O-GRIP creates a “wet look” anti-slip surface.

DECK-O-SHIELD

seals your deck and natural stone or concrete from the ingress of moisture and pool chemicals, without altering its natural look. The product is formulated to protect your deck, coping and/or waterfalls. It also protects against salt water staining and whitening.
