

W. R. MEADOWS PRODUCTS ARE AVAILABLE IN THE FOLLOWING MASTERFORMAT CATEGORIES:

03 00 00	CONCRETE
03 01 00	MAINTENANCE OF CONCRETE
03 05 00	COMMON WORK RESULTS FOR CONCRETE
03 10 00	CONCRETE FORMING AND ACCESSORIES
03 30 00	CAST-IN-PLACE CONCRETE
03 33 00	ARCHITECTURAL CONCRETE
03 35 00	CONCRETE FINISHING
03 39 23	MEMBRANE CONCRETE CURING
03 62 13	NON-METALLIC NON-SHRINK GROUTING
07 11 13	BITUMINOUS DAMPPROOFING
07 13 00	SHEET WATERPROOFING
07 14 00	FLUID-APPLIED WATERPROOFING
07 14 16	COLD FLUID-APPLIED WATERPROOFING
07 16 13	POLYMER MODIFIED CEMENT WATERPROOFING
07 16 16	CRYSTALLINE WATERPROOFING
07 17 16	BENTONITE COMPOSITE SHEET WATERPROOFING
07 19 16	SILANE WATER REPELLENTS
07 26 16	BELOW-GRADE VAPOR RETARDERS
07 27 13	MODIFIED BITUMINOUS SHEET AIR BARRIERS
07 27 15	NON-BITUMINOUS SELF-ADHERING SHEET AIR BARRIERS
07 27 16	FLUID-APPLIED MEMBRANE AIR BARRIERS
07 92 13	ELASTOMERIC JOINT SEALANTS
09 81 13	ACOUSTIC BOARD INSULATION

Division 3 and division 7 architectural binders are available. Contact us or visit www.wrmeadows.com to request these items.

SOUNDSTOP[®] from BLUE RIDGE FIBERBOARD[®] is a high-quality, cost-effective solution to airborne sound reduction. The product achieves sound transmission class (STC) ratings exceeding International Building Code (IBC) requirements. Visit www.blueridgefiberboard.com for more information.

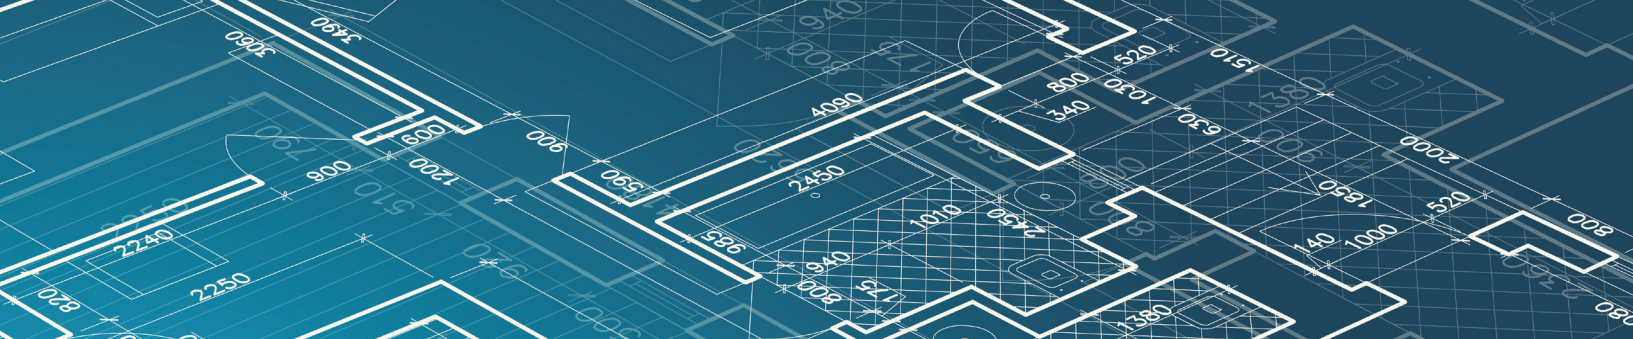

For the AEC community, we provide many tools designed to help you. On our website, we provide guide specifications, CAD details available in the most popular file types, detailed LEED information for every single product in our line, and technical data sheets. We also have samples and literature that you can order to keep your files up to date. Visit www.wrmeadows.com to review and request these items.

For continuing education, we provide online programs available on AEC Daily and Hanley Wood University. Visit these websites and search for W. R. MEADOWS to earn continuing education credit on demand. For helpful links to all our training sites, as well as informational videos, please visit <https://www.wrmeadows.com/training-videos/>.

New to W. R. MEADOWS is the availability of CAD details and BIM models through CADdetails.com. Visit <http://microsite.caddetails.com/2558> to register and begin your design process.

As a family-owned company, W. R. MEADOWS has been supporting architects, engineers, and design teams since 1926. We deliver one of the broadest lines of premium-grade construction products that meet a multitude of construction application needs. From infrastructure construction and repair, to restoration, waterproofing, vaporproofing, air barriers, and more, we've been innovating construction technology for over 95 years.

If you are interested in learning more about today's technology, the following American Institute of Architect (AIA) presentations are available from W. R. MEADOWS.

THE BASICS OF EXTERNAL CURING OF CONCRETE

BASICS OF MOISTURE MOVEMENT THROUGH THE BUILDING ENCLOSURE

BLINDSIDE WATERPROOFING: HOW TO SELECT AND SPECIFY PRE-APPLIED WATERPROOFING SYSTEMS

CONSTRUCTION JOINT SEALANTS: A CRITICAL PART OF BUILDING ENVELOPE PERFORMANCE

DETAILING AIR BARRIERS

EFFECTIVE WATERPROOFING

INTRODUCTION TO AIR BARRIER SYSTEMS

POLISHED CONCRETE FLOORS

SELECTING THE CORRECT UNDERSLAB MEMBRANE

TREATMENTS TO IMPROVE CONCRETE PERFORMANCE

UNDERSLAB VAPOR RETARDERS AND BARRIERS

Speak with your local technical sales representative or email info@wrmeadows.com to schedule your next presentation. Our seasoned professionals have held thousands of lunch-and-learns over the years and are happy to help educate yourself and your colleagues. We are also happy to review your master specifications to make sure the most up-to-date W. R. MEADOWS information is available.
