

WHERE A HOLE

MAKES  
SENSE...

...AND  
WHERE  
IT'S NOT  
ON  
PAR.

**WHEN YOU WANT RELIABILITY,  
NOT LIABILITY...**

*Think*

# **AIR-SHIELD SMP**

**SELF-ADHERING. AIR & LIQUID RESISTANT. VAPOR PERMEABLE.**

**Up to 290 Days+ UV ray exposure  
Install temperatures ranging  
from 14° F to 140° F (-10° C to 60° C )**

**Get controlled thickness with a highly  
flexible membrane that can bridge cracks.**

## **AND WHAT DO HOLES CREATE?**

**MORE AIR & WATER LEAKAGE. MORE LABOR. MORE  
TAPE EXPENSES. TIME WASTED. MISSED DEADLINES.**

**BECAUSE MECHANICAL FASTENING  
= RISKY BUSINESS**
