

# KNIGHTSHIELD

## SILICONE ROOF RESTORATION SYSTEMS

Provides endurance in a variety of colors.

KNIGHTSHIELD standard colors are available when your project requires a color silicone without the extended lead times of a custom color. Minimum order quantity is 180 gallons. Please allow 15 days for lead time.

### STANDARD COLORS

Tan

Light Gray

Black

KNIGHTSHIELD premium colors are available in five colors. We use the highest-grade IR pigments to reduce color fading. Please allow 8-week lead time once the order is placed.

### PREMIUM COLORS

Moss Green

Signal Blue

Ruby Red

Terra Brown

Safety Yellow

Colors may appear slightly different than actual colors. W. R. MEADOWS cannot make metallic pigmented colors. Gloss and color may vary due to weather conditions, application technique, and substrate texture.

# KNIGHTSHIELD

## Custom Color Match Program

When a custom color match is required for your project KNIGHTSHIELD provides color match from RAL & Federal Standard reference numbers. Minimum order quantity is 180 gallons. Please allow 12 weeks for lead time once custom color is signed off on and order is placed.

Custom colors are non-refundable. Though every effort is made to maintain color consistency from batch to batch, there may be slight color variations. In addition, gloss and color may vary due to weather conditions, application technique, and substrate texture and temperature.

Size: 5-gallon pails or 55-gallon drums available.

Samples: \$500.00 draw down fee will be credited back when order is placed.
